

By the Bay... more than just a restaurant

We hope you like our menu.

Our dynamic kitchen team is passionate about using fresh produce, locally & sustainably sourced wherever possible to create delicious, mouthwatering dishes the whole family can enjoy without breaking the bank.

We'd like to take this opportunity to thank all our valued suppliers for their support in this mission – without their dedication to quality our job would be much more difficult.

A special thanks to:

Frampton's Butchers of Bridport

Grainger's of Dorchester

Rice & Sons of Exeter

St Austell Brewery

Of course, using fresh ingredients means that sometimes our dishes may take a little longer to prepare – especially when we are busy – so please be patient, we're sure you'll find the wait worthwhile!

Don't forget to follow us on
